

Company Overview

At Smileworx, we are dedicated to helping you achieve and maintain a beautiful, healthy smile for life.

Our Philosophy and Mission

Smileworx Dental was founded on a simple yet profound philosophy: to provide exceptional dental care that enhances both health and happiness.

Our mission is to deliver comprehensive, state-of-the-art dental solutions in a practice that feels like home. We strive to spend quality time listening to your concerns, evaluating your needs, and co-designing solutions to solve your specific dental problems and cosmetic desires.

We are passionate about helping our patients achieve optimal oral health and feel proud of their smiles. We achieve this by investing in advanced technology, pursuing continuous education, and, most importantly, fostering a culture of genuine care and compassion.

Why Choose Smileworx

At Smileworx, we are dedicated to helping you achieve and maintain a beautiful, healthy smile for life. Located in the heart of Centurion, our practice combines a warm, inviting atmosphere with the very latest in dental technology and techniques.

Whether you need a routine check-up, a complete smile makeover, or specialised care for your family, our team is here to provide an exceptional level of service. We believe that a confident smile can transform your life, and we are committed to making high-quality dental care a comfortable, positive, and rewarding experience for every patient.

Your Partners In Dental Health

Experienced and Caring

Dr Madden and her staff are highly skilled professionals who are passionate about providing gentle and compassionate care.

Advanced Technology

We utilise leading-edge equipment like CEREC® for faster, precise, and more comfortable treatments.

Comprehensive Services

General and paediatric care to advanced cosmetic and restorative dentistry, we offer all the services you need.

Your Partners In Dental Health

At Smileworx, we are dedicated to helping you achieve and maintain a beautiful, healthy smile for life.

Teeth Whitening: Brighten Your Smile Safely

Over time, teeth can become stained and discoloured due to factors like coffee, tea, red wine, smoking, and ageing. Professional teeth whitening is one of the simplest, safest, and most effective ways to dramatically improve the appearance of your smile.

Smile Makeovers: A Comprehensive Transformation

A smile makeover is a personalised combination of cosmetic and restorative procedures designed to achieve your ideal smile. Your makeover journey begins with an in-depth consultation where you and Dr Madden will discuss your aesthetic goals.

The Importance of Regular Check-ups

General dentistry is the cornerstone of a lifetime of healthy teeth and gums. Regular dental check-ups are not just for addressing problems; they are the most effective way to prevent them from occurring in the first place. At Smileworx, we are here to help you with all your general dental needs, from a thorough examination and professional cleaning to creating a personalised treatment plan to get your teeth looking and feeling their best.

We recommend visiting us every six months to a year, allowing us to monitor your oral health, catch potential issues like decay or gum disease in their earliest stages, and provide guidance on maintaining an effective at-home hygiene routine.

The Foundation of Lifelong Oral Health

Comfortable Environment

Our practice is designed to be a welcoming, relaxing space for the entire family.

Your Child's First Dental Visit

We recommend your child's first dental visit around their fourth birthday.

A Happy Dental Home

Our paediatric dentistry creates a fun and welcoming place for toddlers and children.
